

SABNES

Society Objectives : To Assist the Ministry of the Environment and the Nature Trust of BC with the development and operation of the Salmon Arm Bay, its walkways, trails and viewing facilities for scientific, educational and environmental purposes and to increase the awareness and involvement with related projects in the community.

Impact on Business : In the fall of **2004** the Chamber of Commerce awarded our society and its Nature Centre the award for the **Best Tourist Attraction**

Need for Funds : Our Society needs funds to keep the Brighthouse Nature Centre near the Wharf open during the Summer months, and to maintain the boardwalks and signs on the trail. We rely on volunteers as much as possible in these activities.

Memberships : Annual Memberships can be individual, family or corporate. If you already have a current **SABNES** membership, **your support is sincerely appreciated**. If you have a lapsed membership , **please consider re-joining**. If you have never had a membership we would **greatly appreciate having you join us**. We love to sell Life memberships (See membership rates below)

Corporate Members will be advertised at each end of the trail, in the **Brighthouse Nature Centre (BNC)** and in our biannual newsletters.
