

NATURE BAY

SALMON ARM BAY NATURE ENHANCEMENT SOCIETY

A Personal Invitation to join our society.

The society needs funds to keep the Interpretive Centre open during the tourist months. Since we have no regular income, we rely for much of our budget on your memberships.

In the fall of 2004 the Chamber of Commerce awarded our society and its Nature Centre the award for the **Best Tourist Attraction**. Our volunteers valued this appreciation of their work. Please add your moral and financial support by joining as a corporate or individual or family member. Life memberships are also encouraged with the membership dues listed below.

Corporate members will be advertised at each end of the trail, in our newsletters and at the Interpretive Centre.

For more information please call Christa at 833-9717

Society Objectives: To assist the Ministry of Water, Land and Air Protection and Nature Trust of BC with the development and operation of the Salmon Arm Bay, its walkways, trails and viewing facilities for scientific, educational and environmental purposes and to increase the awareness and involvement with related projects in the community.

NATURE BAY SOCIETY MEMBERSHIP FORM:

PO Box 27, Salmon Arm, BC V1E 4N2
